REPORT OF THE TRUSTEES OF TRUST FUNDS FOR 1961

Including Cemetery Work In General

Seven cemetery plots sold during the year; six in Greenwood Cemetery and one in West Kingston Cemetery, totaling \$175.00. Three new Trust Funds totaling \$400.00 were set up, one in Greenwood Cemetery and two in West Kingston Cemetery.

A new Well and Water Pump was installed in W. Kingston Cemetery and a New Pump was installed in the old well in W. Kingston Cemetery.

All of the five cemeteries were mowed three times, just before Memorial Day, about July 4th, and in September. The mowing of the entire cemeteries three times keep them looking quite well and with five to seven extra mowings of the Perpetual Care plots will make our cemeteries look very good.

This coming season we hope to single out the plots that have \$200.00 or more of Perpetual Care and plant some evergreens or perennial flowers to help brighten the plots. Planting of these few plots will, we hope, encourage other plot owners to do something with their plots. Perpetual Care is the best way in which to keep our cemeteries looking nice and we hope more and more people will avail themselves of this care.

The 66 Shares of American Tel. & Tel. Co. stock that we hold has increased in value as of January 1, 1962 to \$4,834.27.

LIBRARIAN'S REPORT

As a result of purchasing a set of the Americana Encyclopedias in 1960 and a set of World Book Encyclopedias in 1961 we were eligible to apply for State aid this year. We received a grant of \$200.00 which is being used for the purpose of helping up-date our Science collection, especially in the Senior High School level.

Many of the classes have been replaced and new titles added during the year from approved lists for Supplementary School Reading. This program will be expanded during the coming year. We are providing reading and reference material for students in several neighboring towns.

A total of 1677 books were borrowed from the Bookmobile, a substantial increase over previous years because of the fact that Bookmobile service has been discontinued at the Bakie School and Sanborn Seminary. It was felt that this service should be handled through the local libraries. Ninety-two special books were borrowed from the State Library.

National Library Week was observed by an exhibit of Civil War relics and a special collection of books of that era, which created considerable interest to the town's people. Mrs. Gladys Larson brought her pupils of the Holiday Kindergarten for a story hour and instruction in the use of the library.

A group of pupils from the Bakie School, accompanied by Miss Reid, visited the library during National Book Week for a story hour.

Regional and State meetings were attended by your librarian and trustees.

At the annual meeting of the N. H. Library Trustees Association last October Mrs. Andrew Christie was voted a Director of that organization, representing Southeastern N. H.

The trustees have greatly improved the appearance and safety of the driveway by having the broken cement removed and hot-topping and widening the surface, thereby increasing the space for parking cars.

A new addition to the children's section has been made by a long table with several small chairs which are being greatly enjoyed. New book cases for the 7th and 8th grade levels have been added and two new desks for study purposes.

We are deeply grateful to the members of Pine Tree Grange who bequeathed in 1960 a sum of \$175.00, the interest to be used for the purchase of books.

Again we wish to express appreciation to the Kingston Garden Club for replenishing the flower urns and for the wreath which was presented for the Christmas holiday season.

A subscription of the Christian Science Monitor was given to the library again this year.

Several gifts of books have been presented and we are grateful to the following donors.

Donna Briggs, Mrs. Lawrence Cheney, Miss Sally Childs, Mrs. Andrew Christie, Mrs. Kenneth Long, Mr. Waldo Magnusson, Mrs. William Modlick, Mrs. Charles Morse, Norman Nary, Mr. Alfred Parkins, Mrs. William Rent, Mrs. Lawrence Smith and Mr. Wayne Winslow.

Memorial contributions have been received in memory of Mr. Martin Magnusson and Mr. Walter Merrick and a memorial shelf is being planned for this purpose.

The library is your library. Won't you come and visit?

Respectfully submitted,

GLADYS M. MERRICK,

Librarian

in conjunction with the Rockingham County Mutual Police Assoc. Eight officers are used at these checks and when possible more in order to expedite the movement of traffic. The main purpose of these are strictly in the interest of Safety of the Public. We attempt to weed-out the drunken drivers, speeders and tag those found to be operating defective equipped vehicles.

For the first time each member kept a record of his automobile mileage which also is not paid.

11 dog complaints handled by the Police Dept. in 1961.

Four arrests for drunkenness and disorderly conduct in 1961, three more than in 1960.

This department called on twelve occasions during the year to assist in apprehending escaped prisoners. Two from Hillsborough County and ten from Rockingham County. Whenever we receive these calls we first notify each and every establishment that may be open for business, also any social gatherings to be on the alert and to lock and secure their automobiles so they may not be stolen.

Ten officers were assigned to duty at the State Park in 1961, one man each Saturday and two men on Sundays and holidays as condition warranted. These men were hired and paid by the State of New Hampshire for this service.

During the off seasons for campers and summer residents we have continued to inspect their property and also maintain a regular routine of patrolling roads that are not generally used mainly in areas where summer cottages and camps are located. These assignments being during the night time in radio equipped cars. As a result of these there has been an encouraging decrease in camp breaks and vandalism.

The auxiliary Police and CD units have been very cooperative in helping with traffic on carnival week and holidays, also on camp checks and lost persons.

For the fourth consecutive year, this department has been presented a certificate from the Motor Vehicle Department in recognition of the exemplary cooperation and support given to the New Hampshire Motor Vehicle Department by the Kingston Police Depart-

ment, for contributing in great measure to the safety accomplishments in the State of New Hampshire.

At this time I wish to thank the members of the Police Department, Auxiliary and CD units and Fire Department for their effective work at accidents, fires, camp checks, handling traffic and investigations.

Respectfully submitted,

NEWELL V. PITKIN,

Chief of Police

ANNUAL REPORT OF FIRE DEPARTMENT

The Kingston Fire Department responded to a total of 58 calls during 1961: out of town 5, in town 21, and 32 for the rescue wagon.

This past year the department has accepted twelve new members to help bolster our membership. This is a volunteer organization, and anyone interested in joining is invited to attend our meetings, held at the fire house the third Monday of each month.

Each year new families are moving into town and many names are not familiar to the department. Therefore we ask that when calling for the Fire Department, you give your name, where you live, type of fire or emergency if known.

Two Scott Air Packs were purchased this year for use in rescue work in smoke filled buildings.

Again we wish to thank those who have made donations to the department also for the letters of appreciation.

Respectfully submitted,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To Citizens of Kingston:

Bakie School can no longer be thought of as a small elementary school as we now have eleven teachers, 311 students and a Supervising Principal. From the most conservative estimates one would expect that this school will become even larger. Kingston, as we all know, is located in one of the fastest growing areas of New England. The various communities to the south of us have been experiencing this rapid growth, that is now taking place here, and they know only too well the problems this growth presents. It might be well to note here that the most recent study of projected enrollment was completed only a few months ago and already we exceed these estimates by nearly two years.

The Bakie School Board and Building Committee have given serious thought and a great deal of time studying student enrollments, classroom needs, financing, etc. The various types of construction, location of the needed addition, etc. have also been given the same consideration.

The proposed building program is then the result of a careful study by interested citizens.

Bakie School had a rather unusual experience this past year. A new Superintendent of Schools and a new Supervising Principal, both in September. However, little of this change was noted by the student body primarily because the School Board fully understood the policies, financial condition, and staffing needs of your school.

Mr. John Hodsdon, Supervising Principal is a graduate of Plymouth Teachers College and is continuing a graduate program at the University of New Hampshire. The faculty for 1961-62 and their respective grades are as follows:

Mrs. Florence Batchelder	Grade 1
Miss Joan Reid	Grades 1-2
Mrs. Ruth Holmes	Grade 2
Mrs. Blanche Gauthier	Grade 3
Mrs. Clara Bell	Grade 4
Miss Prudence Wood	Grades 3-4-5
Mrs. Marion Kendig	Grade 5
Mr. William Pope	Grade 6
Mrs. Nancy Rent	Grade 7
Mrs. Deborah Ryan	Grade 8
Mr. Thomas Cole	Grades 7-8

The majority of these teachers are experienced which is generally accepted as very valuable. Teacher replacement does not lend itself to continuity of program, self-confidence in students, and understanding of the community, its people, etc. Kingston deserves credit in maintaining this condition — an experienced staff. The physical plant is also deserving of comment in that it continues to be maintained in a manner indicating pride on the part of the community. It is attractive, very clean and well equipped. Mr. Rock, custodian, and Mrs. Towne, cafeteria manager, both carry on their respective departments efficiently.

In closing may we note that the various School Boards, Principals and teachers in Supervisory Union #14 are working actively in many of the new concepts of education, guidance, curriculum development, exceptional children, etc. Informational meetings have been and are being scheduled so that all of us can know of, understand and evaluate this ever growing field of education.

DANIEL J. BAKIE SCHOOL

REPORT OF THE PRINCIPAL

Education is everybody's business. It is a responsibility placed upon every teacher and parent in Kingston and in the United States. Because of this responsibility then, we should work together being in constant contact with educational practices.

The distinguished committee members of the White House Conference on Education wrote: "The schools have become the chief instrument for keeping this nation the fabled land of opportunity it started out to be"

These men were right when they wrote the above statement. Daniel J. Bakie School offers that opportunity to every student who enrolls here. In September 1961, 311 students enrolled in Bakie School. As we progressed through the months, the School Board, the Superintendent of Schools, the Principal, and the Teachers, worked together striving to make available to these students an ever increasing number of facilities and quality in education.

Grades 1 - 5 in Bakie School are self-contained classrooms. It is in these first five grades that the students receive the basic fundamentals in reading, writing, arithmetic, language, science, and social studies. In grades 6 - 8, which is departmentalized, the students have the opportunity to receive a more specialized program in reading, writing, mathematics, social studies, English, and science. French and physical education are also introduced to these students. Due to the ever increasing values of the subjects involved, our faculty is doing their utmost to continue their own education in order to stay abreast of the changes in educational prac-

tices. This makes it possible to continue to give the best education possible to the children of Kingston.

At Daniel J. Bakie School there are certain values, certain skills, and a vast amount of knowledge being emphasized and taught constantly; however, education must change. The educational program of today should be different, to a point, than that of yesterday. The staff here is a very flexible one, and willing to accept new ideas, new methods, and new programs, which were essential in the changing educational world.

Where the schools are headed is more important than where they have been.

Respectfully submitted,

JOHN R. HODSDON,
Principal

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

This past year has been an exceptionally gratifying one in the field of the children's health. The children seem to be taking a more active interest in their own personal health and hygiene. Health education is stressed with the use of movies, pamphlets and discussion groups. Any parent is invited to attend these programs in order to see how the entire well-being of the child, both physical and mental is of prime importance.

All the children received routine checks on height, weight, hearing and vision. The Vollmer patch test for tuberculosis was given and anyone with a positive reaction was taken to Manchester for a chest x-ray.

The Dental Health Program was carried out again by the P. T. A. with the children being taken to Dr. Storey in Exeter by the parents.

Home calls were made to discuss problems with parents and it is through this direct contact that a greater understanding can be reached.

I would like to take this opportunity to thank all the organizations and individuals who have helped with their services and financial aid.

Respectfully submitted,

SHIRLEY TOWNSEND, R. N.,
School Nurse-Teacher
